The Object of a Tax.
Drawing up a tax bill that will suit everybody seems to be an awful task on the mental capacity of its author.

LONG HAIR COLTS
At this season of the year your colts are off feed and run down generally, do not gain, have constipation, hair looks bad. B. A. THOMAS' STOCK REMEDY corrects these troubles, making them shed earlier and come out in the spring spick and span.
W. A. DICKERSON.

Little Things.

Life is made up of little things. It is but once in an age that occasion is offered for doing a great deed. True greatness consists in being great in little things.

"Horse Latitudes."

The horse latitudes are a belt in the Atlantic ocean where calm often prevails, so called in colonial times when vessels carrying horses from New England to the West Indies were sometimes obliged, when detained there, to throw overboard part of the cargo for want of water.

BLOUSES FOR EARLY SPRING

Rainbow Assortment, Resembling Smocks, in Many Shades of Handkerchief Linen.

Prominently displayed in the art needlework department of one of New York's most interesting shops is a rainbow assortment of dainty blouses in many pastel shades of handkerchief linen. At the first glance they resemble the smocks with which every one is familiar, but a closer examination proves them to be quite something different, in order to be practicable when worn either inside or outside the belt. Instead of the usual smocking for decoration, they are effectively embroidered in the cross-stitch, which is now so much in vogue, worked in deeper hues of unadorned cotton. These blouses are prettiest when cut simply, with a V neck and turn-back collar of the linen. The sleeves, which are quite loose, are set in large armholes to conform with the flare of the blouse, are gathered in snugly at the wrists and finished with a narrow, rather full ruffle, which falls over the hands.

The embroidery is placed across the front of the blouse, at the corners of the collar, as a finishing touch around the edges of the wrist ruffles and, oddly enough, on the upper part of the sleeve, just over the forearm. A skein of loosely braided embroidery floss makes an unusual and effective tie to slip under the collar. Because these blouses are made so as to allow freedom of movement, they are excellent for spring outdoor wear; and, since their fabric is very soft, they may be worn inside the belt, if preferred. Instead of the linen, a fine quality of dotted Swiss may be used to advantage, and, when it is possible to obtain this material with colored dots, exceptionally pretty effects may be secured by using deeper tones for the embroidery and tie.

The Only Gun To Man

Only Derby Wearers Do This.

A man will give the tight skirts an example of the intellectual inferiority of woman and then go out and look at himself in the mirror trying on various derby hats without cracking a smile.—Chicago Post.

Hymn From Unexpected Source.

Hymns have come from very unexpected sources. One of the finest in the language, "The Spacious Firmament on High," found in all collections, was written by a chief secretary for Ireland, Joseph Addison, whose other works would hardly lead one to suppose him fitted for the task.

Chinese Tea Houses.

Just as England has highway taverns and as we have roadhouses along our highways, so has China her tea houses. The Chinese do not indulge much in intoxicants, and tea is about the strongest drink they consume. Tea houses there are about as numerous as ice cream and soda resorts are here.

Lexicographer Wanted.

A new verb has come into existence. It is the verb "to automotive." The meaning is not quite clear, but we take it to mean to improve upon the automobile and its use.—New Haven Journal-Courier.

Aim High, Is Good Advice.

Aim at perfection in everything, though in most things it is unattainable. However, they who aim at it and persevere will come much nearer to it than those whose laziness and despondency make them give it up as unattainable.—Chesterfield.

Looked Out of Place.

Mary Jane was glad when William came over to play with her, but was surprised when she saw he was all dressed up in his best clothes, and after looking him over from head to foot, she asked severely: "Why, William, for why you wear your Sunday clothes on week days?"
